Mutants and Aliens alike, we are gathered here today to witness the probing bond of _____ & _____ in the most powerful way possible; the bonding of marriage as a peace treaty. If you can find peace between the two of you, then this alliance is most powerful! This marriage is a contract between these two people and their humble planets at an attempt to keep world peace, and to be beneficial for the sake of all species.

Do you Kryptoid _____ take Nebulon _____ to be your lawfully wedded planetary species until your planets colide and explode?

Do you Nebulon _____ take Kryptoid _____ to be your lawfully wedded planetary species until your planets colide and explode?

What value and token do you give to show this planet you wish to make peace, not war?

This token as you can see, is a symbol of peace between mankind and our species. For better or worse, Roswell will be the neutral ground in which all contracts and alliances are made.

Kryptoid _____, please take this token and place it on the third finger of Nebulon _____ and repeat after me:

I, Kryptoid _____, take you Nebulon _____, to be aligned with me in times of war and in times of peace, with or without the human race, through world domination for the rest of our species existance. With this token, I accept your alliance.

Nebulon _____, please take this token and place it on the third finger of Kryptoid _____ and repeat after me:

I, Nebulon _____, take you Kryptoid _____, to be aligned with me in times of war and in times of peace, with or without the human race, through world domination for the rest of our species' existance. With this token, I accept your alliance.

By the power of all things weird and bizarre, I now declare this alliance satisfactory. You may nuzzle your heads in agreement and kiss the kiss of peace.

It is now my honor to introduce Kryptoid _____ & Nebulon _____. Nanu Nanu!
